DIESEL COMMON RAIL SYSTEM

WE SINCERELY WELCOME FRIENDS VISIT US

www.cnhenshine.com

COMPANY PROFILE

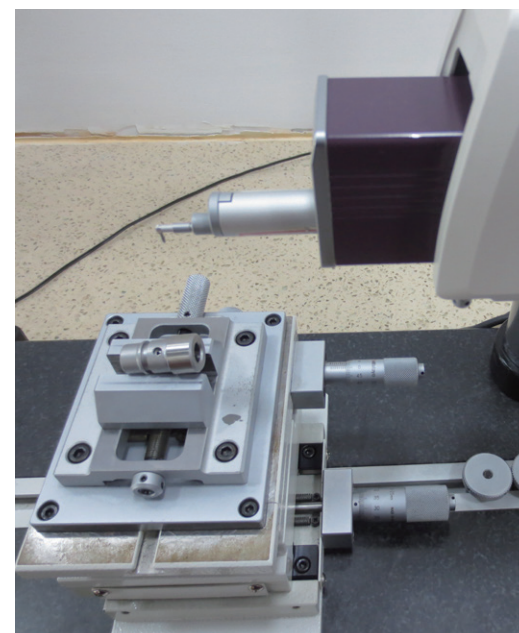

HENSHINE PRECISION Machinery Co., Ltd. was established in 2012, and it is high-tech enterprise which is professional diesel engine valve and industrial hydraulic valve research, development, manufacturing and sales. The main research direction: Diesel common rail suction control valve (SCV), pressure regular valve (DRV) and Limiter pressure valve and other diesel solenoid valves.

HENSHINE PRECISION has staffs more than 40, and senior Technicians and engineers over 20. The daily output of the solenoid valve is about 500-600 pcs for each valve.

HENSHINE PRECISION using the latest materials, world leading surface treatment and advanced precision machining technology. Fill in the domestic blank in product design, research and development, production and performance testing. Especially in the field of diesel engine, HENSHINE PRECISION has its own unique technology.

HENSHINE PRECISION's vision is: to become the world's leading diesel engine system core components supplier!

We sincerely welcome friends to visit, we go hand in hand, create brilliant!

OUR MISSION

- Responsibilities to Employees
- Responsibility for the Environment
- Responsibility to Society
